

UBeauty Monthly Retail Analytics

Full Month Snapshot: 2026-06-01 To 2026-06-30

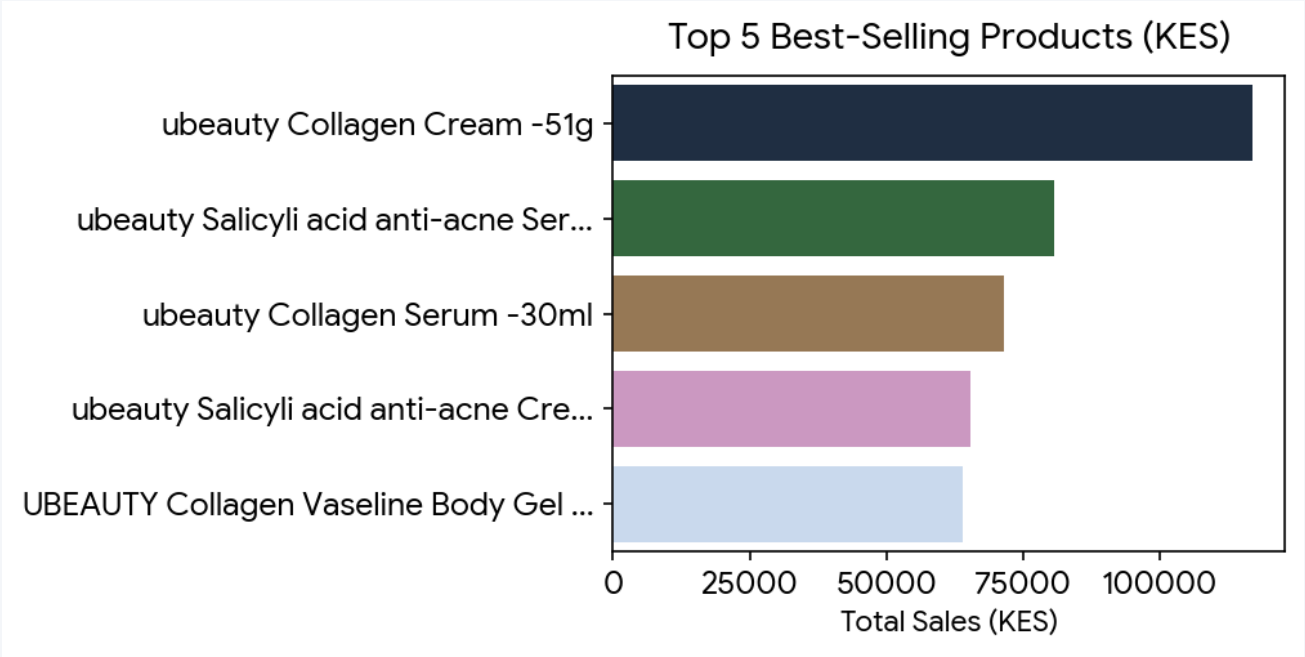

1. Branch Revenue Performance

Key Insight: Sarit Centre completely dominates the full 30-day reporting period, nearly doubling the revenue of the second-highest location (Thika Road Mall). The Online branch was not active during this period.

2. Product Strategy & Top Earners

Key Insight: Over a full month, the 'UBeauty VC Black Spot Remover Serum (30ML)' maintains its position as the undisputed revenue leader, proving the sustained long-term value of the Essence product line.

3. Capital Risk (Dead Stock Identification)

Action Required: The following items recorded **zero sales for the entire 30-day month** despite holding high inventory volume. The 24Hour Foundation represents a severe, chronic capital risk extending beyond a single reporting cycle.
